

Intern, Investments

ClavystBio is looking for an Intern to support our investments teams. The Intern will be involved in the sourcing, evaluation and execution of investment opportunities as well as participate in venture building, portfolio management and the development of new business areas or partnerships, that will be of strategic interest to ClavystBio.

The Intern will report to the Director/Vice President, Investments and will work closely with the Investments team to fulfill its strategic objectives.

About ClavystBio

ClavystBio is a life sciences investor and venture builder set up by Temasek to accelerate the commercialization of breakthrough ideas into health impact. ClavystBio invests and partners with innovators, entrepreneurs and founders, and fosters private and public partnerships to launch and grow global companies from Singapore.

Since its inception in 2022, ClavystBio has committed over US\$220m to biotech, diagnostics and digital health companies, as well as early-stage VC funds.

Roles & Responsibilities:

- Opportunity tracking
- Assist in the initial review/triage of new opportunities
- Attend investment pitches and assist in due diligence for opportunities under evaluation
- Assist in deal analysis/financial modelling for opportunities under evaluation
- Assist in putting together an investment memorandum
- Conduct landscape analysis for one emerging ClavystBio interest area
- Assist in the development of business programs or partnerships

Candidate Profile:

- Higher degree candidates/graduates (PhD, MD, MBBS) in life sciences-related disciplines, or MBA
- Strong analytical capability with financial analysis skills
- Demonstrated confidence in their area of expertise and the ability to learn new scientific disciplines
- Demonstrated ability to work independently as well as part of a team
- Clear entrepreneurial skills and the ability to multi-task
- Comfortable with numbers and willing to learn the mechanics of “venture-backed” investments
- A self-starter who does not need daily directions to complete tasks
- Enjoys and thrives in a team-oriented environment but is able to defend their conclusions
- Excellent written and verbal communication skills
